

# PATHWAYS to

- PHASE 1  FUNDED - THANK YOU CLARKSTON ROTARY
- PHASE 2
- PHASE 3
- PHASE 4

The Clarkston Family Farm wants to make nature and agriculture accessible to EVERYONE regardless of age or mobility

To reach that goal we are launching a fund raising campaign this spring to allow for the construction of accessible paths to all areas of the farm.

This will be a multi-year, phased project using paving, brick pavers, and gravel paths.

With over 1200 feet of pathway planned, this is an ambitious project but, as we have experienced in the past, our extended community is people of all ages and abilities who appreciate what the Clarkston Family Farm has to offer both now and in the future.

POSSIBILITIES
